### **INDIAN MUSLIM WELFARE SOCIETY**

All members are invited to attend the 61<sup>st</sup> Annual General Meeting on:

**Date: Saturday 9<sup>th</sup> February 2019 - Time: 7.30 p.m**

**Venue: Al-Hikmah Centre, 28 Track Road, Batley**

Dinner will be served from 6.30 pm until 7.15 pm  
(Isha namaaz 7:15pm)

#### **AGM AGENDA**

1. Tilawate Quran
2. Welcome and Address by the Chair
3. Approval of Minutes of last year's AGM
4. Matters Arising
5. Presentation of Accounts
6. Re-appointment of Accountants
7. Property Trustees
8. IMWS Community Service Recognition Awards
9. Election of Trustees & Chair
10. Any Other Business
11. Dua

# Foreword by the Chair

*In the name of our Creator, the Creator of all the worlds,  
the Most High, the Most Gracious and the Most Forgiving.*

*Assalaamu Alaikum W. W.*

It gives me great pleasure in presenting our Indian Muslim Welfare Society's 61st Annual Report. I hope you will find the report useful and informative.

This year we celebrated the 25th anniversary of Paigaam, the voice piece of our Society. The celebratory dinner was a great success, extremely well attended and had several great inspirational speakers. Whilst we celebrate the success we need to be mindful of where we want the Paigaam to be in the next 25 years and beyond. A dedicated new Working Group has been established and has been challenged with devising a long-term strategy to ensure Paigaam embraces digital advancements and remains at the forefront and true to its mantra of 'For the Community, By the Community'.

The Al-Hikmah Centre has seen numerous improvements over the past years, with new washrooms in the Rabia al-Basri Halls and in the Gym Khana. Plans are underway to install a state of the art playing surface in the Sports Hall which since inception, has provided a valuable public service. Although it will be rather costly, unless we invest, we shall see a further decline in the sports bookings. The Sports Hall is an integral part of the Al-Hikmah Centre complex, both in terms of income generation and also as a provider of an important service.

Similarly, we have looked carefully at the Wedding Hall and ways in which we make the Centre more appealing to our members. Al-Hikmah House has seen some refurbishment this year too with the Conference Room being fitted with a sophisticated smart screen. Al-Hikmah House poses further challenges when it comes to upgrading as it is a Grade II Listed Building thus we are limited with what we may/may not change. I would urge the forthcoming Executive Committee to continue with the renovation work to our entire estate as required to ensure that the IMWS remains a provider of high-quality services.

We have for some time been trying to change the legal status of IMWS to a Charitable Incorporated Organisation (CIO), the work is still on-going and a

new submission is to be made before the AGM. We have taken a fresh approach and are confident that the Society will be granted CIO status shortly.

The majority of the Society's work is undertaken via its Sub-Committee governance structure and the relevant Chairs have provided further details in their respective sections. I want to take this opportunity to thank all the Sub-Committee Chairs and its members for all their work and dedication. Many Sub-Committee members are not part of our Executive Committee but still participate fully, further testament to our loyal and supportive members. I hope they will continue with their support and would like to encourage other members to join the Sub-Committees, in particular, our Youth Sub-Committee for it is our youth of today that are our leaders of tomorrow. As always, the IMWS is open to suggestions, ideas and above all, involvement.

As a Muslim community, the challenges we have faced over the past two decades have been huge. Islamophobia is unfortunately still rampant and with Brexit looming, the only certainty is further change. What this change is, remains uncertain and therefore, worrying. In these challenging times that we live, the IMWS remains pivotal and steadfast and works with an array of stakeholders, including statutory bodies, voluntary and community and religious groups. No doubt, we will continue to face further challenges in the coming years and we need to prepare ourselves and be ready to meet them.

I am pleased to report that we now have a new staff structure in place with two Centre Managers at the helm. Both have handled the pace of change diligently and their work is starting to show a step change with new improved policies and procedures in place whilst other processes are being reviewed. All this work will no doubt ensure that our Society continues to provide vital services.

I would like to take this opportunity to thank all those that have supported the Society and me over the past year, namely my family for showing patience, the elected members and the Executive Committee.

We should not forget that, as volunteers, they sacrifice their valuable time and their effort and commitment to our Society needs to be acknowledged and recognised. I also want to thank all our staff for being patient with me and all their hard work in ensuring the smooth running of our complex organisation.

I welcome new faces and those that do join, I trust they do so with the intention of participating fully and to help make a difference. The need to continue to work collectively with all our affiliated areas and other bodies are very important and the expertise our younger members can offer will ensure our Society and community at large, move forward in a positive way.

Rather than having to 'push' members present at the AGM to join the IMWS as an elected member, I urge individuals who have the relevant skills and attributes to put forward their names, in particular, our younger members. Whilst acknowledging the efforts of our predecessors, we need to take the society forward and to meet the new challenges facing our community today.

I request those who are elected at the AGM, Area Representatives or co-opted to join the Executive Committee, ensure they fulfil their roles accordingly. Duties include attending meetings, contributing to discussions and undertaking the various roles through our Sub-Committee structure.

I pray the Almighty accepts all our efforts, both this year and in previous years and pray that all are rewarded in this world and the Hereafter.

Finally, I would like to conclude by asking forgiveness for any mistakes I made or have offended anyone. I will always continue to support our Society and the affiliated areas and pray that we go from strength to strength (Aameen).

***Dr Imtiyaz Patel***  
***Chair***

## **Centre Coordinators Report**

Over the past year, I have settled into my role as Centre Coordinator and have learned much about the Muslim Culture and the workings of the Al-Hikmah Centre. I would like to thank the Trustees, staff and members for helping me to settle into these surroundings.

The main building of the Centre has seen some excellent refurbishment to the training rooms both in decoration and renewal, where needed, of IT equipment. Investment was made to the IT system with a new server and PC's being purchased. The online accountancy system, 'Quick books' was also upgraded being more practicable for our business needs.

The centre still offers ESOL classes which are as popular as ever and provides opportunities for learners from the wider community. Kirklees Council lost the contract to deliver Driver Awareness Courses but fortunately, we were able to negotiate with the new provider and bring the courses back to the centre. In July 2018 we had 19 young girls from the community completing an ILM (Institute for Leadership and Management) course and rewarded with a level 2 qualification. I'm sure this will stand these young people in good stead for their future careers.

As an organisation, I would have liked us to be more energetic in applying for external funding. This could have to support more youth activities or women's work. During the next year, I will be pushing for this to happen. I would also like us to engage in more community development and see more members using our centre for drop-in sessions, coffee morning or craft classes. I strongly believe we have excellent facilities that will enable us to provide opportunities for individuals to come together, volunteer and create positive social networks. I will also ensure that IMWS are involved with more partnership and collaborative working in the community to help our community tackle social issues.

Finally, I hope to continue building my personal relationship with Trustees, staff and the local community to help IMWS grow and prosper during the next year.

***Billy Tindle***  
***Centre Coordinator***

## Community & Facilities Coordinator Report

In my role as a Community & Facilities Co-Coordinator, I am responsible for managing three full time and two part-time caretaking staff.

I am also responsible for maintaining the four separate buildings: main building, wedding hall, sports hall and building currently occupied by Milen Day Centre, to a relative good standard.

With regards to the improvement of the wedding hall, we have spent many hours undertaking a feasibility study in modernising the facility by a complete makeover in order to be more competitive when compared to other similar service providers, and hopefully increase the uptake of the existing service that is provided.

We pray that the Society's financial position will enable us to upgrade the wedding hall by the summer, at the latest.

As well as weddings this Hall is also utilised for other functions and activities such as:

- Cricket sessions for youngsters by independent qualified cricket caches
- Taekwondo classes for youngsters trained by independent coaches
- Youth club sessions run by the Society's Youth Committee
- Female rounders' team practice sessions

It is impossible to highlight all the different activities that are held at the Al-Hikmah centre as there are one off bookings which enable us to reach as many groups and individuals and for IMWS to continue its delivery of services.

It is also worth remembering that there are a number of conference rooms in the main building, which are hired out on single or regular bookings.

One room is booked up to four days per week by the Driver Training team, whilst another is occupied by the ESOL class as part of the adult learning course teaching English as a second language.

We remain totally focused and committed in providing quality services that meet the needs of the community and at the same time deliver services that are truly value for money.

I close by extending my sincere thanks to the management committee, the service user for the support that they have given me over my first twelve months. I would also like to thank the staff that I manage for being dedicated and committed in carrying out their duties and making my job less difficult. I would also like to thank my colleagues and the Administration staff for their continued support.

Should you have any constructive ideas and suggestions on improving the centre, its facilities and services then please do not hesitate to contact the office or me.

**Hanif Mayet**  
**Community & Facilities Coordinantor**

- Circuit training for men and aerobics for women under the supervision by instructors.
- Seminars by various professional groups and organisations
- Elderly Women group
- Tajweed classes for ladies

The Society has been in consultation with other local sports' service users and personnel with the aim of improving the existing facilities. We are at an advance stage of negotiation in modernising the play area, which should be operative after Ramadhan.

Whilst indoor football is the main sport being played in the sports hall, other activities are also held such as:

# Sub-Committee Reports

IMWS's core activities were supported by a number of Sub-Committees who met regularly throughout the year. Dedicated volunteers on the Sub-Committees have delivered the following outcomes.

## Al-Hikmah

As always, the Al-Hikmah subcommittee is grateful to the members and the staff who contributed throughout the year. The subcommittee is responsible for the upkeep of the centre itself as well as the development of services and revenue generation for the Society.

Under the guidance of the subcommittee and the two newly appointed managers, the Society has managed to bring the contract for the speed awareness course from the new provider. Thus continuing the regular revenue stream from this source.

The subcommittee has managed to attract a private firm to install an electric vehicle (EV) charging station at the centre. This has demonstrated that we are serious about reducing the carbon footprint and are supportive of the government agenda of a greener future.

In addition to this, the subcommittee has overseen the refurbishment of the rooms and corridor upstairs in the main house and regular maintenance of other facilities.

The subcommittee is working hard for replacement of the suitable sports hall surface to attract wider participants. It is also working on the enhancement of the wedding hall facility including the internal décor, improved toilet facility, and the introduction of wedding packages. But this is taking a little longer than anticipated as we need to ensure that we get value for money.

Finally, the subcommittee, the Facilities Coordinator, and the Centre Coordinator, as a team, are working hard to keep the centre working efficiently and always striving to enhance much better customer experience.

## Burial

Last year was a very difficult year with most of the time taken up in discussions and negotiations with the Council regarding the increases in burial charges. Following a sustained campaign by community groups including IMWS there was a resolution to this with a more reasonable increase.

There was also a great deal of activity and negotiations with the Council to secure additional capacity at Batley Cemetery.

We are pleased to report that the new land was secured and it is now being utilised. This land will serve us for around the next 4 to 5 years. We will need to work with the Council to look at options for the provision of new land as well as continue efforts to locate our own private land for the future.

We have also met with the Chief Coroner, the Local and Health Authority Officers to discuss common issues and to work together to ensure speedy burials for our community.

We are most grateful to our volunteers who provide a free and excellent support to our community for burial services. We are very sad to report that we lost one of our volunteers Ismail Bhai Lunat Gul who gave many decades of excellent service to our community.

## Charity

IMWS charity committee has been busy with collecting funds for different causes around the world with support from affiliated and participating Masaajids.

### **India – Kerala Floods**

IMWS donated funds to aid relief efforts in Kerala where floods had taken hundreds of lives. Funds went towards providing food, medical packs and a

free medical camp. This was done in partnership with Tayyab Trust in India.

**Macmillan Cancer Research**

Macmillan coffee morning was held at the centre to help raise funds. Macmillan provides support to cancer sufferers and to help them cope at a very difficult time.

**Myanmar**

Emergency appeal was launched to deliver aid inside the Rakhine State working alongside a leading UK charity.

**Refugee clothing appeal for UK**

An appeal was launched for new winter clothing to distribute to refugees in the UK. The items were distributed across four refugee's centres in the UK.

**Eastern Ghouta Syria**

Eastern Ghouta was badly hit with hundreds of people killed. Working through affiliated masjids money was raised providing food parcels to families and individuals, as well as baked bread and cooked meals. The Syria appeal remains open throughout the year.

**Gaza**

Medical and food supplies were supplied to six main hospitals across Gaza. Gaza appeal remains open throughout the year.

**Yemen Iftar appeal**

Annual iftar appeal this year was for Yemen. Donations were received at the Centre and through affiliated and participating masajid. Distribution of food packs took place in Aden, Lahy, Taiz, Sadaah, Amren and Sana. Each family received a 57.5kg food pack for full month.

**South Gujarat Project**

Phase three of the South Gujarat project working in partnership with ASWT has been completed with five houses built housing about 30 people. Self employment initiative (Rojgaar Yojna) has helped 43 people to set up businesses. Scholarship projects has supported 50 students so far.

**Sadaqatul Fitr – Myanmar**

Sadaqatul fitr was collected for Myanmar and provided Eid clothes which were distributed to the Rohingya in the Rakhine state.

**Zain Bhika Fundraiser Concert**

Working in partnership with Islamic relief a concert

was organised to raise funds for Myanmar and saw an attendance of around 800 people. On the night of the concert IMWS received an award from Islamic Relief for their Services to humanity.

**Paigaam**

A highlight for the year was the Paigaam 25 year event, which took place in November. It was an opportunity to look back but also a chance to plan ahead. In a time when local stories are so easily overpowered by national news, Paigaam becomes a voice for the unheard and this is the direction we should take.

Over the course of the past year we have:

- Reported on activities and courses by the IMWS at the Al-Hikmah Centre
- Promoted charity appeals by the IMWS
- Updated on charity donations on where and how they have been distributed like the South Gujarat appeal, Indonesia appeal, Macmillan coffee morning.
- Reported on activities by affiliates like the youth conferences, seerah programmes and food bank collections.
- Reported on community groups leading activities like fun days, galas, sports activities,
- Covered articles of community interests from a local and national perspective as well as religious and informative.
- Covered local stories of achievements by individuals and groups
- Reported on international incidents of concern from natural disasters to human rights issues

These are some examples of the types of coverage in Paigaam over the past year. We have also recently done an extensive review and hope this will go to shape Paigaam for the coming years.

We would hope Paigaam continues and strengthens to be a voice for our community. We would like to thank all our readers and advertisers for their continued support, which allows us to continue this much-needed publication and voice.

**Women**

The IMWS women's committee have continued to organise and deliver educational workshops and activities for women and girls in the Batley and surrounding areas. Despite many challenges faced in the current climate, some of the things we have

managed to achieve this year include:

### **Health and well being:**

- Continued to support another ladies cycling group- with over 15 new ladies learning to ride a bike.
- Supported the start up of a relaxation/yoga class with over 20 women attending at the Centre.

### **Youth:**

- Organised and facilitated an ILM Level 2 Team Building Skills weekend course for girls aged 14-20. 19 girls successfully completed the course and achieved a qualification.

- Successfully delivered half term holiday sessions for 40 girls and boys.

- Our Girl Guide Brownie (7-9 yr olds) and Guide units (10-14 yr olds), the only ones in our district to run on a weekend, are going from strength to strength and growing in popularity amongst the community.

### **Educational:**

- Facilitated the delivery of the 'Practical's of Salah Workshop' in partnership with local learned sisters. Over 70 females attended the practical and theory based workshops just before Ramadan and found them to be very beneficial.

### **Fundraising:**

- Supported Macmillan Coffee morning and ongoing IMWS and local charity appeals.

We are currently planning new workshops and activities with a focus on developing parenting skills and mental health.

We would like to thank all our female volunteers for their time and effort in continuing to improve the diverse opportunities available to females in our community.

If there are any other issues you would like the women's committee to address or would like to join the group please contact us on sisters@imws.org.uk or through Twitter @imws\_women

## **Youth**

The Youth Committee meets regularly to plan and implement activities. There is a weekly Saturday youth group which engages 13-19 year-old boys and has a regular attendance of around 20 youths. In 2017 we started a Duke of Edinburgh (DofE) bronze scheme working in partnership with a charity

that works with community groups called Shared Outcomes whereby 2018 we had a number of them complete their bronze DofE award.

We have the annual Fifa 18 competition which has continued from previous years. The centre has run holidays activity sessions in school holidays.

Recently, a course teaching the basics of computer programming was started and run by one of our young committee members.

We would like to encourage young people to get involved, make their voices heard and to take an active role to benefit young people themselves, the youth group and the community as a whole. A thank you and recognition also needs to be noted for the volunteers and IMWS staff who have supported us over the past year and the young people themselves towards youth group activities.

## **Adult Learning**

Over the year, carefully planned adult learning courses at the Centre have been instrumental in helping many women to reconnect with learning and realise their potential. Not only have learners gained valuable skills, knowledge, confidence and even accreditation but have also reported an improvement in their health and wellbeing and feel more connected to their community.

This year, there has been an increase in demand for ESOL (English for Speakers of other Language) courses mainly due to changes in the benefits system and immigration and we have met this demand by providing a range of ESOL courses from Beginner/ Pre -Entry level (for those with little or no English) to accredited Entry Level 2.

Many learners have successfully achieved their course outcomes for this academic year despite having to overcome many barriers to learning. Some have also taken their next steps and joined college courses or found volunteering opportunities. We are continuing to provide excellent learning provision at the Centre and developing valuable progression opportunities.

We hope to continue to provide these important learning opportunities in the coming year.
