Housing Empowerment Scholarship

CONSTRUCTION OF 5 HOUSES

All the houses were falling apart with families living in really bad conditions. Families were living and sharing one room which was their day room and bedroom. This left little space for privacy. The homes were rebuilt, separating rooms and introducing basic essentials like a kitchen area bathroom / toilets. A water pump was also installed in Rupvel which was donated by a family.

The PROJECTS

With the generosity through the donations we have been able to help rebuild dilapidated homes and give a number of people equipment and assistance to start their own income source. We have also helped many students with scholarships to help them study further.

SELF EMPLOYMENT INITIATIVE (Rojgar Yojna)

Fifty individuals were helped with funds to start their own businesses which will bring in an income for their families .This includes Chicken stock, welding and spray painting equipment, mobile repair and accessories, sewing machines, hairdressing chair, open and closed hand carts, electrical equipment, computer and CCTV repair and many more.

SCHOLARSHIPS

This year 49 students were given scholarships to study further and gain the qualifications to work in their respective fields. The faculty of the students includes MBBS, BHMS, B. Pharm, Physiotherapy, Nursing, Mechanical Engineering and medical Internships.

These projects are run in partnership with Alipore Social Welfare Trust (India)
