IMWS AGM POSTPONED

Due to current government guidelines, the 63rd IMWS AGM scheduled for Saturday 13 February has had to be postponed.

The AGM will be held as and when the restrictions are lifted and we are able to do so.

The current elected executive trustees will continue as per our constitution.

The 63rd annual report will be made available to members from either the Al Hikmah office or from the affiliated Masjid's.

ઈન્ડિયન મુસ્લિમ વેલ્ફેર સોસાયટી, બાટલીના સભ્યોને એક જરૂરી સુચના

આપ સૌ જાણો છો કે સોસાયટીની જનરલ મિટીંગ દર વર્ષે ફેબ્રુઆરી માસમાં રાખવામાં આવે છે. આ વર્ષે દ્ર3મી જનરલ મિટીંગ ૧૩મી ફેબ્રુઆરી ૨૦૨૧ના નક્કી કરવામાં આવી હતી. પરંતુ કોરોનાને લીધે સરકારી નિયમોને ધ્યાનમાં લઈ એ મિટીંગ હાલ મોકૂફ રાખવામાં આવી છે. જ્યારે સરકારી પ્રતિબંધો ઉઠાવી લેવામાં આવશે ત્યારે શક્ય હોય તે સમયે મિટીંગનું આયોજન કરવામાં આવશે અને તેની જાણકારી સભ્યોને અગાઉથી આપવામાં આવશે. આ પરિસ્થિતિને ધ્યાનમાં લઈ આપણાં બંધારણ મુજબ હાલના ચૂંટાયેલ કમિટી સભ્યો તેમની જવાબદારી ચાલુ રાખશે. સંસ્થાનો દ્ર3મો વાર્ષિક રિપોર્ટ ફેબ્રુઆરીના મધ્યમાં તૈયાર થશે જે અલ-હિકમાહ સેન્ટરની ઓફિસ અને એરિયાની મસ્જિદોમાંથી મેળવી શકાશે.

Foreword by the Chair

In the name of our Creator, the Creator of all the worlds, the Most High, the Most Gracious and the Most Forgiving.

Assalaamu Alaikum W. W.

During these continued challenging times, I humbly present the Indian Muslim Welfare Society's 63rd annual report.

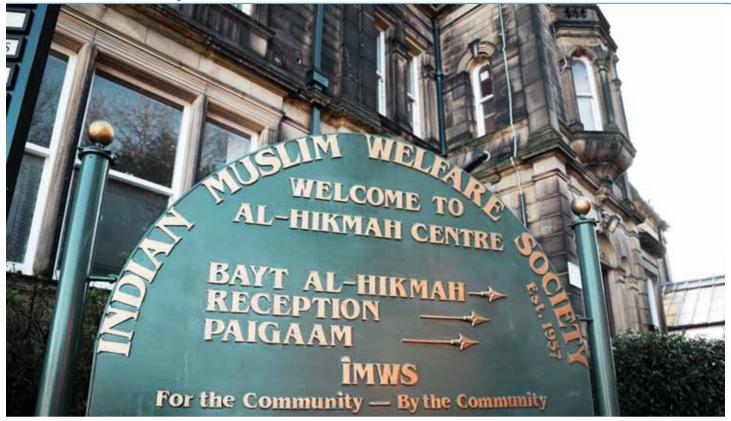

and evolving legal requirements and frameworks.

The year 2020 will go down in international history as unlike any other year. It has been unprecedented in demolishing our way of life and the impact of which has been felt by each man, woman and child locally, nationally and internationally. The influence of the Covid-19 virus has been enormous in our communities. People we have loved and cherished have left for the next world, leaving families to self-manage and self-grieve during a time of restrictions and reduced rites. I'm sure that each one of you who will be reading this, will at-least have known or be aware of someone who has left us during this pandemic. It would also be remiss of me not to say that within our local community, regrettably, several stalwarts of community and relief work have left us too. We must carry on their legacy of doing good for the wider benefit of the community.

On a very personal level, having experienced the loss of an immediate family member and subsequently being involved in the burial rites, I want to pass my sincere thanks, on behalf of the community to all the volunteers involved in the burial process. We forget that volunteers have all worked tirelessly to ensure that each burial takes place in the quickest and most efficient manner as stipulated in our faith, whilst following the constantly changing

They do this purely to help ease some of the pain of the deceased families during what is and what remains a very difficult period. Whilst the Covid-19 virus has placed restrictions and curtailed our usual activities, it has also given rise to new opportunities and projects. In conjunction with the local authority and other organisations, we have actively been helping and supporting many local families and individuals through the distribution of over two thousand food parcels and around five hundred female hygiene packs. We know the need for families is long-term and will continue to support in whatever capacity we can.

As per the feedback received from our service users, the Al-Hikmah Centre, as well as the Sports Centre, has had some improvements made to them during the past year. The early response to the new surface in the Sports Centre had been very positive and has helped to increase bookings. Unfortunately, the pandemic constraints have meant that since March, all bookings for the wedding and sports halls have had to be cancelled. As these are our primary sources of income, has been devastating. the financial impact Furthermore, businesses continue struggle, we have lost some tenants too. both a health and a financial The virus is catastrophe.

Much of the IMWS's work is through subcommittees and the reports from the chairs of each of these are included in this annual report. I want to personally thank each of them for their contributions over the past year and I hope they will continue to serve and support.

I would also like to encourage new members, particularly our youth, to come and partake in activities as they are the future. We will continue to work with statutory and non-statutory organisations to tackle both the current and emerging challenges that we will face as a community.

Before I sign off, many people have supported me and the society during my three years as Chair. My own family have shown great patience when I've had to prioritise the society over them, as well as the elected members and the executive committee. I also want to thank all the staff for all their continued work to ensure that the centre operates efficiently.

To conclude, I have now completed my third successive year as chair of this wonderful organisation and I wish my successor the very best in taking our organisation and our community forward. During the three years things could have been better, so I ask for you forgiveness for my shortcomings and my errors. I will always continue to support the society and our affiliated masjids and I pray wholeheartedly that we continue to improve and prosper.

Dr Imtiyaz Ahmed Patel Chair It is great to see that the Al Hikmah has been used as a vaccination centre since mid December. Our excellent premises, with ample car park and large ground floor hall that we have, has ensured the Al Hikmah Centre is one of the best vaccination site's nationally. The centre has received national coverage in main stream media praising the work we as a community organisation are doing in fighting the pandemic.

We were honoured by the visit of the Prime Minister, Mr Boris Johnson in early February. He was very impressed by the Al Hikmah Centre and the vaccination program undertaken, and all the other work we carry out as a voluntary organisation.

General Manager's Report

By the grace of the Almighty, I have completed my first year. After the completion of a very successful probation period of six months, I have been honoured with a permanent contract to serve IMWS.

It has been a great experience working for an organisation where the management board is extremely committed to their cause to serve the community and are fully supportive to our team (serving under their leadership to deliver the aims set by the constitution and by the subcommittees).

I have managed to build a great relationship with my team with an emphasis on clear communication and clarity in their roles and responsibilities. I would like to thank my whole team for their cooperation, sheer hard work and character they have shown in these most difficult times. Where the big national charities have had to close some operations, our team have stood firm by their management board and kept our services open to keep our communities going. Our services were highly appreciated by our partners, MPs and the local councillors.

Policies & procedures

My first task was to look into current IMWS policies and procedures. Alhamdulillah, they are all reviewed and updated as required by the local authority and charity commission. At this point, it is important to share that we are GAP registered with Kirklees (criteria/standards to access funding over £10,000) for three years. Also, we have been accepted as a credible charity by the national body DUNN & BRADSTREET. It was only possible due to adequate P&P.

Health & Safety

It is my prime responsibility to make sure that all sections of the Al-Hikmah centre are a safer place to work and use. I have updated all the H&S policies and improved monitoring and regular checks of our buildings. All the tenants have been sent copies of Fire Safety procedures and new Fire Evacuation plans & signs have been displayed accordingly.

Projects

Since January 2020, it has been a very challenging time for all organisations and especially the voluntary sector, which has been the worst hit by the unprecedented events. However, IMWS has continued to stay on the front line to support our communities in their

most difficult times. It was not possible without the commitment of the staff and volunteers. Hundreds of families directly benefitted from these programmes i.e. food parcels projects commenced in Ramadan (food donated by the local community, £15,000 worth food programme in partnership with Martin Lewis, providing Covid-19 advice & information, the supply of PPE kits to funeral groups, thousands of free face covering masks, especially when there was a shortage in the market. We aim to develop partnerships with other agencies, local authorities and education establishments to deliver worthy projects for our communities. We have started exploring ideas with our partners. Unfortunately, in the current climate, these bridges being built between us and other organisations are taking their time.

Al-Hikmah Centre

This year two major building (nearly £35,000 worth) improvements have been carried out at Al-Hikmah Centre.

- 1. Fully refurbished men's toilets & washroom in the wedding hall
- 2. The sports hall office and reception area has been refurbished and New LED lighting in sports hall has been installed following requests from participating teams in regards to improving the quality of light for players and energy efficiency.

Finance & budgets

No doubt, this has been a challenging year. However, with the help of the Almighty, we have managed to deliver services and operate without having to make use of our reserves/contingency funds. We have attracted external funding and successfully applied for and received government grants. We have managed to reduce the deficit compared to our last financial year, successfully collecting donations and coordinating charitable activities in these testing times.

We are trying to reduce cash handling within the Centre and working towards making tax digital. I have also started reviewing our existing contracts with utility companies and our current procurement procedures and methods. This would lead to better financial controls and sustainability I.A.

IMWS IT development, branding & New Website

I have also reviewed our existing IT systems. We have centralised most of our records/documents under clear headings and folders, with the aim to make our admin support effective and less time-consuming.

We are slowly but gradually moving towards paperless records. We have also secured our IT systems by getting 2TB storage with Google cloud. This would allow three-tier backup systems. I am working very closely with my committee members on the rebranding of IMWS which will help us in our digital marketing in near future. We have also commenced work on our brand-new website with E-commerce plug-in, to support online bookings and reduce pressure on our staff. I.A, we will be launching a new website in February 2021. I would like to conclude by humbly requesting our IMWS members to continue to support the organisation.

Nadeem Raja General Manager

Adult learning

The Al-Hikmah is a well-established centre with excellent learning facilities. Many of our learners have thoroughly enjoyed attending courses at the Centre and despite the current unprecedented circumstances, learning has continued, in different forms.

At the beginning of this year, IMWS adapted to demand and successfully started to deliver citizenship preparation courses including speaking and listening A1/B2 preparation courses as well as driving theory and Life in the UK. Many of our students developed confidence with their speaking skills and went on to pass their exams.

We have also worked hard to develop partnerships with other providers to strengthen our course offer and in particular accredited Childcare courses. As a popular learning venue, many have now taken their first steps into pursuing a career in working with children.

IMWS have continued to deliver a range of ESOL courses from Beginner/ Pre -Entry level (for those with little or no English) to accredited Entry Level 3. Some have now moved to online learning to help continue to develop vital skills.

Innovative and exciting new courses, from cake baking/decorating, bike riding to henna art was used to engage with and develop confidence in students and these have been very popular and oversubscribed.

We will continue to provide excellent learning provisions at the Centre, develop valuable progression opportunities and new flexible ways of learning. We hope to continue to provide these important learning opportunities in the coming year.

Sub-Committee Reports

IMWS's core activities were supported by a number of Sub-Committees who met regularly through-out the year. Dedicated volunteers on the Sub-Committees have delivered the following outcomes.

Burial

As you all know, this year has been a sad, painful and uncertain year for our community, nationally and globally.

Covid-19 has impacted on our life and the way we live; many of our members have sadly passed away due to this awful virus. Hence, sadly the burial process teams have been very busy.

The Burial team and volunteers have been working quite hard since March. Those who have volunteered to collect bodies and take responsibility for bathing them with their family are heroic, I praise them and may the Almighty reward them. Ameen.

We are still continuing to do Ghusal at the Madressah Hall in Mount Pleasant, though with Government restrictions only immediate families are allowed in the Ghusal area.

I am also happy to report that we have supplied all our affiliate Masjids with PPE, and have now replaced the Metal Janazah Casket with a Fibre Glass Casket. This is lighter in weight and easier to handle.

Also, I would like to report that since we moved to the new plot in 2018, there have been a total of 120 burials, and presently we had approximately 43 burials in 2020, which is a surprisingly average number of deaths, compared to 40 the previous year.

Still, we have approximately 175 spaces left and that means with the current take of 40/year, we will have over 3 years to complete the current plot. Yes, there is still an option for Heckmondwike and Dewsbury if people wish to bury their loved ones there.

Also, I can update you on the new plot which is behind the current plot, the planning permission and funding was approved by the council and we hope work will commence in 2021 and it will take about a year to complete.

In 2019 IMWS members were briefed about this land, as this land was used as a glass bank and there is a possibility the ground could move.

It was suggested by Council officers to put a concrete wall around the body and at the same time the body will still be rested on natural earth, this will protect the body, but the cost will be slightly more and as yet a final figure has not been agreed.

Our members who attended the meeting have given the go ahead with the new plot with over 400-500 spaces. In Batley there is no further land available, at some point we may have to use the plot in Heckmondwike which is less than two miles away. We will be working with the council to discuss access and other issues at the Heckmondwike plot.

We are also still looking at private lands and we have viewed some land but they were not suitable, we will continue to look at new plots to give the community alternative options.

Can I take this opportunity to thank all the volunteers, Ghusal and Burial team for their fantastic effort and support under the backdrop of this awful virus.

Mohammed Laher Chair of Burial

Al Hikmah

For many reasons, the year 2020 has been one of the most miserable years in the history of the Society.

Many people would like to forget it as the pandemic caused so much pain and heart ache economically, physically, psychologically, and spiritually. Likewise, the impact of Covid-19 has been unbearable for the Society.

Due to the virus, many income generating activities have been suspended and remain so for the foreseeable future until the vaccine against the virus comes on board with reasonable success.

Due to the first lock down and subsequent restrictions, most activities have remained closed. These include weddings, sports hall, and conference hiring. Hence the Society lost nearly 80 percent of earned income.

One can imagine the impact this has on the bottom line. To make matters worse there has not been any financial assistance that is available to offset the lost revenue to charities. However, we have been able to claim the Job Retention Scheme (furloughing) for most of our staff. This helped tremendously as personnel cost is one of the biggest expenses.

This did not deter the volunteers and the staff, who I must applaud, for not letting their morale go down in such difficult circumstances. The Society was successful in bidding to deliver two projects to deliver food parcels and other aids to the vulnerable and elderly from the wider community. This was delivered very well and in a timely manner.

The staff and the volunteers worked extremely hard. More than 700 families were helped through these projects. I am very grateful to the volunteers and the staff who worked hard in such demanding circumstances.

The Society earned a small percentage of management cost which went some way towards offsetting the loss mentioned earlier. Through this project we also managed to distribute free masks and gloves to our members and non-members alike.

We have applied for two more projects which will earn some extra revenue if we are successful. The outcome of this will be reported in next year's report. As a result of an extensive refurbishment programme for offices undertaken last year, we were able to let out most of the offices. Even during the restrictive period, the occupancy rate was around 78 percent. This also helped reduce the deficit slightly.

As part of our commitment to upgrade the facility continuously we have embarked on an installation of a new toilet facility in the downstairs wedding hall. This was completed on time and within budget. Now we are looking into upgrading the entire upstairs hall so that we can compete with the other organisations who offer similar facilities in our areas. We are in the process of getting quotes for this and are hoping to commission the work in mid-2021.

Finally, the subcommittee, the Centre Manager and our staff are working extremely hard to keep the centre working efficiently and always striving to provide a better customer experience.

The introduction of new restrictions for weddings, conferences, and leisure activities means the future is not looking very bright. However, with your duas and working together I am very optimistic that we will turn the corner and, hopefully, bring vibrancy to our centre once again.

Mohammad Mulla Chair of Al-Hikmah

Charity

By the grace of the almighty, we have finished this year reasonably well.

We have encountered a very difficult year because of the Covid-19 restrictions and lockdown. That was reflected in our main source of income from all our affiliated mosques as they were closed or partly closed.

The Charity Subcommittee would like to thank all Masajid's committees, members, and also those donors who have paid by online payment or directly at the office, for your kind support in raising funds for our regular projects. Without your help and support, our projects would not be as successful as they have been.

Our duas are for each and every one of you that the almighty rewards you all the best way that he can. Here are some of the projects we have fulfilled with your help:

Locally we donated to the following charities:

Yorkshire Air Ambulance. The Yorkshire Air Ambulance provides a life-saving rapid response emergency service 365 days to people across Yorkshire. We are very pleased to support the Yorkshire Air Ambulance and the fantastic work carried out by its team of pilots, paramedics and doctors every day. Mayor's charity appeal. The Kirklees Mayor was supporting two charities - Diabetes UK and The Samaritans. Diabetes UK is the UK's leading diabetes charity. Diabetes is a serious and often hidden condition, one which can have devastating and life-changing consequences. The charity raises funds for research into Diabetes and supports those affected by the condition. The Samaritans help people struggling with issues going on in their lives and are dedicated to reducing feelings of isolation and disconnection that can lead to suicide. The charity runs almost entirely with the support of volunteers, and offers help to those in need 24/7 - before, during and after a crisis. **Kirkwood Hospice** who provide care IFTAR AND SADAQATUL FITR APPEAL

desh. These funds have been distributed on time. YEMEN APPEAL

which had very good support from our Mosques and community in turn making this appeal very successful.

PALESTINE (GAZA APPEAL)

The Gaza province is always experiencing one tragedy after another. Currently, it is blockaded by Israelis and in lockdown with Covid-19. Our Charity always tries to help them with food, medicines and help for orphans which we did in Ramadan successfully. Also, every year we launch a Gaza winter appeal for talent of our young women in the community. winteressentials. Our mosques and other donors have helped quite generously to make this appeal a success. **SOUTH GUJARAT PROJECTS.**

essary commodities to keep the business running. scholarships for higher tion. The recent feedback is that more students are going into higher education such as science and IT because of our scholarships. Providing housing to the most needy people. This has been very much appreciated locally, the success rate has been very encouraging. According to our treasurer Rafik Bhai Dabhad, this year we have managed to build five houses. The total number of houses built is 25. The coming year is going to be very challenging, but with the help of the almighty and your usual support, we will make it even more successful than the previous year I.A. I would like to thank all donors and all charity committee members from the bottom of my heart for their tremendous support to carry out our duties to help the needy and destitute people in the world.

Masum Karolia Chair of Charity

Youth

ting for people with life limiting illnesses. As we are all aware the past year has gone without many activities unfortunately. Women's Committee

This year has been difficult to deliver face to face workshops and seminars as we have done previously, but at the beginning of the year, we successfully organised our first annual ladies member's meal.

We saw over 180 women and girls attend and were thoroughly inspired by the range of local guest speakers from sports leaders to driving instructors as well as our committee members, highlighting success stories and overcoming challenges.

The evening was finished off with a delicious meal. We have also continued to support ongoing IMWS and local charity appeals throughout the year.

During the pandemic, our valued volunteers of the committee helped to manage and pack the feminine hygiene project – which aimed to deliver free packs consisting of sanitary products as well as toiletries, to help local females in the community struggling with the pandemic.

This has been a great and much-needed initiative, which has helped over 400 women and young girls in the Batley and Dewsbury areas.

We would like to thank all our volunteers for their time and effort in continuing to improve the diverse opportunities available to females in our community.

If there are any other issues you would like the women's committee to address or would like to join the group please contact us on sisters@imws.org.uk or through Twitter @imws_women

Paigaam

We are pleased to report that Paigaam has continued to make good progress and the last year has enabled us to further improve the content and cover as many diverse issues as possible.

We actively campaigned against the subjugation of Tabligh Jammat in India and made the story of local relevance as one local man was caught up in this whilst he was in Jamaat in India. We covered this in detail. We also requested the Dewsbury MP to intervene and demand for the release of this individual.

We have introduced a number of new columns from the Chair and the General Manager in order to let our members know the latest information in relation to IMWS. We also introduced an editorial column which has

raised issues concerning the local community. In general, we have tackled many issues such as drug and alcohol abuse in the community, Islamophobia, issues affecting young people and much more.

Our local MP, Tracy Brabin, is also a regular columnist. Her column consists of local and international issues.

We hope that Paigaam continues to be a voice for the community. We would like to thank our readers and advertisers for their continued support, which allows us to continue this much-needed publication.

Aziz Daji Chair of Paigaam

Community Affairs

We planned various programmes for the year, but due to Covid-19 restriction, we were not able to proceed with them. But, we are still happy to report that we held 2 events in the early part of 2020, one event was on Organ Transplant/donation.

Organ Donation is an important topic for the Muslim Community, Doctors and Aalim were invited to discuss the merit of the transplant and whether Islam allows this. It was followed by a Q&A. A further event is planned when restrictions are removed; the community does need to be made aware of the new laws which govern this.

The second event was the Annual lecture where our guest was Nazir Afzal OBE who was the first Asian Chief Crown Prosecutor for North West England. He touched on his career and highlighted some major national issues he covered during his tenure.

Apologies I am not able to report further, but I pray to the Almighty that he removes this virus from us and we get back to our normal activities at the centre.

Ahmad Lunat

Chair of Community Affairs

r Ambula

We donated to a number of charities locally. One of which is the Yorkshire Air Ambulance which provides a life-saving rapid response emergency service 365 days a year to people throughout West Yorkshire.

We raised funds for our Iftaar appeal. Funds raised were distributed ithroughout the world.

Sadqatul Fitr Appeal

We raised funds for our Sadqatul Fitr appeal which was then distributed ithroughout the world.

IMWS has a year round charity appeal for Gaza

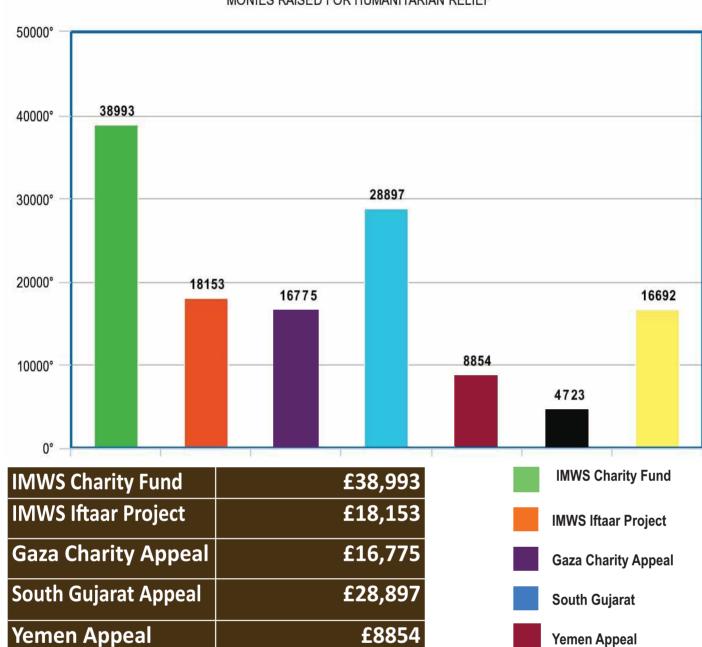

Self employment and empowerment initiatives.
